

Aqua Play Group combines water familiarisation with social interaction at a compatible venue and time. While babies aged 3–6 months learn aquatic skill progressions, parents learn how to engage their babies in the aquatic environment. Best of all, parents can interact with one another during and after the water activities...

Water activities consist of a leisurely water familiarisation routine, including holds, floating, pre-conditioning, submersion and water safety. Sessions are guided by AUSTSWIM qualified Teachers of Infant Aquatics.

After the water activities, parents and babies are invited to enjoy a coffee and safe play area, where the socialisation continues.

Session Time:

Tuesday 11.45am-12.15pm

Casual Rates:

\$5.30 for parent and baby

No bookings required. Simply report to reception on entry to collect your admission ticket. Maximum 15 babies per session.

Program runs during school term—

Term 3 2017 dates:

17th July—22nd September

Term 4 2017 dates:

9th October—22nd December

118—134 Hearn Street, Colac VIC 3250
