I have read about and signed the Watch Around Water policy section below.

Guardian Signature: _____ Date: ___/___/___

Important Information

This is an accredited **Watch Around Water** facility, meaning there are guidelines that must be followed while visiting:

Children under 5 MUST be accompanied into the water and remain within arms reach.

Children under 10 MUST be clearly and constantly visible and remain directly accessible.

All children MUST be ACTIVELY SUPERVISED at all times

Unsupervised children (of any age) will be removed from the water if the lifeguard is concerned for their safety.

Parent/Guardian & Teacher Supervision During Lessons

During a lesson, the supervising parent/guardian and Swim School teacher will share responsibility for the student's safety in accordance with the WAW policy above.

In order to uphold this shared responsibility, it is necessary that the parent/guardian be easily contactable by the teacher, and that the parent continues to keep their child ACTIVELY SUPERVISED, clearly and constantly visible.

Naturally, that makes leaving the facility prohibited. We find that sitting at the end of the designated lane maintains parent-teacher communication, while showing support for your little swimmer.
